Declassified in Part - Sanitized Copy Approved for Release  
2012/10/24 : CIA-RDP79B00873A001800020005-9

John:

Per our conversation, here is  
the item from my notes on the  
Data Block Reader. Hank H.  
confirmed that he is looking for  
written confirmation from USP that  
explains how the ephemeris will  
tie in with this proposal.

14. Pre-Project Approval Briefing - Data Block Reader

15 JUN 1971

of FY 71 Training Team had checked with OSI about the training  
HH and the Group and Staff Chiefs were briefed this afternoon by TSG/RED  
on a proposed project to develop a data block reader at a cost of [redacted]  
[redacted] instructed TSG/RED at the conclusion of the briefing to get in writing  
from OSP more detailed information concerning ephemeris data aspect of the  
project and how this ties in with the proposal. PPBS is to determine as to  
what extent the mapping and charting community will be carrying out the  
function performed. They are to assess the value of the project and the  
extent of the Center's commitment to fulfill the function. [redacted]  
whether or not he was to be a potential candidate for the Chief  
post. This, for all intents and purposes, killed this project for FY 71  
consideration. Later in the afternoon [redacted] told HH that he expected that the  
application of this project was primarily in the mapping and charting field.
